Just closer.

MICHAEL BÜRGE

Election of the Mayor of Artland

People of Artland,,

With this flyer I would like to introduce myself.

My name is Michael Bürgel and I am running as your new Mayor for the Community of Artland. My motivation? I want to use my experience to help shape things, to take on responsibility and in doing so achieve the best for the Artland community – I will do this with many new ideas and a vision with the motto "Together for Artland".

My priority is to represent the common interests of all people living and working in Artland. I will work hard to improve the situation of families across generations and in the most diverse life situations, making economic development a top priority and promoting environmental and climate protection. In addition, I will expand the administration to become a more people-oriented service provider. Digitisation, integration, road safety and tourism are also important priority topics for me.

My digital “think tanks” offer me input through dialogue with a wide range of people. I have received a lot of crucial feedback and ideas for my strategy, and I hope these meetings will continue to be as rewarding in the future. I am a man of the people, pragmatic and moderate with a vision for a better Artland.

ABOUT ME

Born:

14 July 1964 in Wetschen

Married to Tanja Krogmann, 1 child

Education and work experience:

Administration specialist in administrative law, municipal law, funding law, building law/HOAI, regulatory law and human resources.

Registrar

Current:

Since 2005 I have been in charge of rural development grants at the Lower Saxony Ministry of Agriculture, Office for Regional Development, Osnabrück office, where I am the contact person for all funding measures in the county of northern Osnabrück. This involves village development measures, tourism, basic services, micro-enterprises and cultural heritage.

Vice-Chairman of the Staff Council

"I would of course be delighted if we could find an opportunity to talk in person."
